## FINANCE AND COMMERCE

WICHITA MARKETS

The Receipts of Stock at the Wichita Union Stock Yards for the Past 24 Hours Were: Cattle, 36; Hogs, 324; Horses and Mules, 24. Shipments Cattle, None; Hogs, None,

WICHITA, June 10. There was practically no cattle on the market today. Cattle would have sold well here. There is a good demand for all of stuff, especially for good stockers and feeders. The market would have been strong today.

The quotations here presented are to give the shipper an idea of the general range of prices. The various classes and grades self within the limits of these quotations, according to the quality or offer large and the state of the daily markets. These quotations are only clanged when there has been a permanent change in the general market. The representative saies should be referred to to get the daily fluctuations. 180 pounds.
Nailve freeding steers, Soba 1850 pounds.
Nailve stockers, 1858 3 bounds.
Choice cows and helterFull forgood gows and helters.
Bulls and stegs.
Conters.

REPRESENTATIVE SALES. The following are the representative sales of cat-ticat the yards today: HOGS.

There was a small run of hogs in the yards. All the offerings were quickly picked up by the packers. The market was 5 cents higher and closed strong with the yards clear. BUPRESENTATIVE SALES.

SHEEP. Good stock sheep, 80tc 100 ... 

Brief Mention. Hogs 5c higher. Cattle supply very light, Most of the day was spent in watching for bulletins and speculating on the re

A very handsome new bulletin board was put up in the hall of the Exchange building today.

lars apply to

An Amateur Organization, the Member BUYER-I want to quote you prices of Which Have Their Houses Connected by Wires, So That They May Communicate with Each Other by Telegraph Of Free Hand Drawing for the benefit of schollars will open June 8th, and con tinue during the summer. For particu-

One of the most novel or unique or ganizations in Brooklyn is one that has lars apply to EMILY JEKYLL, -Studio room 429, Sedgwick Bldg. 14 6t recently gained a new lease of life through the infusion of new and vigorous blood and by a thorough reorgan REAL ESTATE AGENTS ization. It is called the Phenix Morse Telegraph club, and is perhaps the only one of its kind in the United States. The old organization was formed in 1879 and started in life under the name Real Estate and Rents. of the Phenix club. It was inaugurated by a number of young people, some of whom were engaged in occupation as To buy Wichita city property or Sedgwick county land at present prices, means large returns on your romey. Wichita with her stock and other industries, is just in her infancy, and such bargains as we can now offer were never offered before. All having business in our line are invited to call or correspond. The Wichita interests of moversidents properly and faithfully cared for. Office second foor 15 North Market, Israel Building. telegraphers, and others of different vocations, who took pleasure in studying the mysterious language of dots and dashes. A private telegraph line was established and connected with the residences of the members. A busy wire it was too. The hum of conversation, if it can be termed such, was constant Real Estate and Loans, throughout the evening. Stories were passed over the electrical current, jests and jokes bandied, chess and checkers HOUSES FOR MOVING. played by individuals who liked this sort of recreation, and in fact as good a time was usually passed as if the members were brought in contact with each other by person in one room.

Jokes of an innocent character were also carried on over the circuit, which had the advantage in so far as to allow the perpetrator to remain unknown or making it unnecessary to flee from the wrath of the person upon whom it was inflicted. Quite a number of these are stock property among the old members, who relate them to friends with as much gusto and enjoyment as if they had occurred only yesterday. One of these is to the effect that two members after practicing with another in the early evening, during which the sender transmitted the Morse characters as fast as he could, or as telegraphers would say "rushed" the receiver, notwithstanding the protests of this unfortunate disciple of America's noted inventor. The latter promised himself that a speedy revenge would follow, and sought to find some means whereby he could make the "rusher" as uncomfortable as he had

been previously. The practicing finally came to an end, and the receiver waited until an unearthly hour of the morning, when he supposed his victim had gone to bed and when the click of a sounder would strike the gloom and quiet with the distinctness of a blow from a trip hammer. At about 3 o'clock in the morning he went to the instrument and began to call his victim in a manner which would indicate that a fire had perhaps broken out or that the transmitter had serious need of aid in some dire calamity. He called in this furious style until he had awakened the sleeper, who jumped up out of bed and went to the instrument, expecting to hear that something dreadful had happened. He answered the call quakingly. His indignation can be imagined when the query came slowly and

distinctly: "Will you please tell me the time; my clock has run down." His answer is not recorded, but it is safe to assume that the immediate vicin-

ity became as warm as a hot box of an overheated wheel. The organization went on in the even tenor of its way until two or three years ago, when it began to languish, partly on account of a defection of members who moved away from the city or be cause the remaining persons would not shoulder in the proper or necessary manner the worry and expense of conducting such and organization. Then came another club which was purely social in its character and which was also called the Phenix club. It may have been that the similarity of names caused a bond of friendship to be established or that some of the members of this body were capable of handling a key and working the electrical current. However this may be, the two organizations were amalgamated and a new order of affairs brought about thereby. Lord Charles Hamilton used to go about

Naples attended by a large, ferocious bulldog. Having decided upon going to Rome, bright and prosperous auspices. he proceeded to the station and took his A flat, corner of Marcy avenue and Fulton street, has been made the headtaking up a position on a seat opposite his master. The platform inspector, with quarters of the club, and which may be many gesticulations, declared that the termed the main office of this amateur bulldog should not travel in a passenger telegraph company. Here are located the battery room, which furnishes the "Very well, then; take him out," was powerful fluid by which the wire is Lord Charles' rejoinder.

In vain the official expostulated; be worked, and another, which is called the operating room, in which are placed four merely reiterated his former reply, a piece sets of instruments and a double practicof advice, it is needless to say, which was not followed, and Lord Charles, apparent- ing outfit. A galvonometer, whereby master of the situation, threw himself | the wire is measured, so that the where back in his seat and calmly lighted a cigar. | abouts of any trouble on the line can be But the Italians were not to be outdone. detected, is also included in this space. and quietly detaching the carriage in Meetings and social gatherings are held which the English "milor" was seated, in a larger room running off from this they made up the train with another com-partment and started it off. one. Eighty cells of battery work the circuit, which covers a distance of near-Lord Charles sat quietly smoking for about a quarter of an hour, and then, surly eighteen miles in this city, mainly in

prised at the delay, thrust his head out of the upper residence section. The old "string" was overhauled by the window and demanded when the train was going to start. His feelings, when the an experienced lineman recently and situation was described to him, may be put in sufficiently substantial shape in order to enable it to more readily resist the wear and tear of a line in a large and busy city. The circuit is placed along the housetops on the route, and trouble of any kind or, as an operator would say, "bugs" are rarely met with or experienced. Twenty-three so called "offices" are on the circuit, all of which little amusement among Mr. Campbell's have their calls in the same manner as friends. In the left hand upper corner of do the stations of a telegraph company. Among the present members of the

club are practical telegraphers of skill and records for sending and receiving. of Mr. Campbell surmounting a number of Considerable rivalry exists between his plays, and the startling legend uniting the two designs was this, "A Friendly Rivalry." Mr. Campbell did not at first time to have a tournament for fast transsee any reason for critical comment at his expense, but at the persuasion of a friend mitting and also for skill and ability in receiving the Morse characters. Classes he rejuctantly withdrew the grave he rejuctantly with the grave he rejuc

KNIGHT TEMPLARS. Trieninal Conclave-Denver August 9th to 14th

1893. The Knight Templar's conclave to be held in Denver in 1892 is an event which perticularly interests not only the Sir Kights and their friends, but the railroad companies which will undertake to handle them. The Chicago, Rock Island and Pacific Railway company fully appreciate the class of people who will take ad-vantage of this trip, and we wish to say briefly that our facilities for handling the traffic can not be surpassed, and every effort will be put forward on our part to give first class people what they deserve in elegant accommodations not only in train service, but every thing else which is necservice, but every thing ease which is nec-essary to please the most fastillons. Ample arrangements will be made to ac-commodate all who go with us from Wichita. We propose to handle the busi-ness in a way that is not only satisfactory to curselves, but, best of all, to accommodate all who go with us, and we propose to give rou an enjoyable trip over the "Great Rock Island" and to insure to all a pleasant, safe and speedy journey. Our dining car service needs ne introduction to the Sir Knights of this country, operated by ourselves and for our patrons; no ex-pense of service is witheld to make it what the traveling public require. It is the best in the world. Our rates will be as low hest in the world. Our accommodations sur-as the lowest. Our accommodations sur-passed by none. For further information you are respectfully invited to call at the Bock Island tinket office, 100, corner Man and Douglas.
